Mr. Clarence G. Scroggins
Tryon Fire Department
Tryon, North Carolina

Dear Mr. Scroggins:

We acknowledge with appreciation your letter dated June 27, 1963 which was forwarded to this office. The Air-Pak parts you requested have been shipped as of this date.

With reference to your inquiry for prices on the necessary equipment to recharge your own Air-Paks; the cost of a three cylinder cascade system is \$208.00 F.O.B. Tryon, North Carolina.

The following is included:

3	each	300 Cu. Ft. air cylinders w/air
1	each	#6448 charging hose assembly
1	each	WE-415 adapter
2	each	WE-P-92 pigtails
2	each	WE-T-92 tee blocks

Detailed information on the above materials is enclosed. The enclosure explains why we suggest using a three cylinder set-up.
